The North Adams Transcript.

A HOME PAPER IN A COMMUNITY OF HOMES

The Transcript has admirable resources for covering all of the daily events, both of greater or less importance, in its territory. No other newspaper in this field gives such early or complete reports of all happenings bearing upon the life of this community.

The Transcript receives the reports of the Associated Press, the most perfect news-gathering service in the world, and also has special representatives in many cities.

Stories of local interest are frequently illustrated with photographs reproduced by the Transcript's photo-engraving department.

Advertising Department

The Transcript prints 6000 copies daily.

In North Adams the Transcript sells over 25 per cent more papers than do all its North Adams, Springfield, New York and Boston contemporaries combined.

The out-of-town circulation averages daily over 2500 copies, Adams and Williamstown taking most of them. This fact is of vital interest to every live North Adams merchant.

The readers of the Transcript embrace all classes. The paper is read from front page to last.

Advertising space in the Transcript costs less per 1000 bona fide circulation than in any other newspaper in Berkshire County.

Circulation books are open to inspection at all times.

Training School

See Mark Hopkins School.

Candidates for admission to any of the Normal Schools must have attained the age of sixteen years and must be free from disease or infirmity which would unfit them for the office of teacher. Their fitness for admission will be determined:—1, by their standing in a physical examination; 2 by their moral character; 3, by their high school record; 4, by a written examination; 5, by an oral examination.

Candidates will be received upon certificate if they have attained a standing of at least 80 per cent in the following subjects: English, Latin, French, Algebra, Plane Geometry, United States History and Civil Government, Physics, Chemistry, Physical Geography, Botany, Drawing, Music, Physiology.

Note:—The holder of this certificate will be admitted to any State Normal School of Massachusetts (excepting the Normal Art School) without examination in the subjects marked with two crosses. On other subjects an examination will be required in accordance with the specifications contained in the circulars of the several normal schools.

Oral Examination.—Each candidate shall be required to read aloud in the presence of the examiners. He shall also be questioned orally either upon some of the foregoing subjects or upon other matters within his experience, in order that the examiners may gain some impression about his personal characteristics and his use of language, as well as giving him an opportunity to furnish any evidence of qualification that might not otherwise become known to them.

Records of Scholarship.—The importance of a good record in the high school cannot be overestimated. Reasonable allowance in equivalents will be made in case a candidate, for satisfactory reasons, has not taken a study named for examination. Successful experience in teaching is allowed to be taken into account in the determinations of equivalents in the entrance examinations.

Times of Examination.—Entrance examinations for candidates wishing to enter in September will be held:—The first examination on Thursday and Friday, June 27 and 28; the second examination

on Tuesday and Wednesday, September 3 and 4. Preliminary examinations are allowed in June. Candidates are advised to present themselves at the first examination.

General Two Years' Course.—This course is designed primarily for those who aim to teach in public schools below the high school grade.

Three Years' Course —This course includes the subjects of the two years' course and additional elective studies from the mathematics, science, language, art and psychology. This course will fit graduates for highest grammar grades and departmental teaching.

Kindergarten Primary Course.—This course extends through a minimum of two years and includes such studies of the two years' course as immediately pertain to kindergarten work, instruction in the history and theory of kindergartens, and practice in teaching.

Special Course for Teachers.—Teachers of several years of successful experience in teaching, who give evidence of maturity, good scholarship, and of aptness to teach, may with the consent of the principal and of the board of visitors select a course, including the course in psychology and pedagogy, and when such course is successfully completed they shall receive certificates for the same.

Tuition.—Tuition is free to all residents of Massachusetts. For others the tuition is fifty dollars a year. Text books and supplies are free as in the public schools. State aid to a limited extent may be granted to deserving persons, citizens of Massachusetts, after they have been in attendance for at least one term, provided they do not live in towns where normal schools are situated.

The Dormitory.—The dormitory provides accommodations for sixty students. Two students occupy one room. The rooms are furnished with the exception of bedding and towels. The price of board is \$160 for the school year, payable in advance, in four payments, one every ten weeks, beginning with the opening of school in September.

To Find a Name

You must know how to spell it. It is not uncommon for members of the same family to spell their names differently, preserving the pronunciation. A few instances as follows: Brown, Browne; Cain, Kain, Kane; Cavanaugh, Cavanough, Kavanough; Chase, Chace; Cohen, Cohn, Kohn; Kelley, Kelly; Kenney, Kenny, Kinney; Miller, Mueller, Miehler; Paine, Payne; Read, Reed, Reid; Rider, Ryder; Hines, Hynes; and especially the French names.

Directories are arranged and printed in exact alphabetical order. If the examiner knows the way the name is spelled and follows out the order of the alphabet, he will save time and vexation of spirit.

To Find a Name

You must know how to spell it. It is not uncommon for members of the same family to spell their names differently, preserving the pronunciation. A few instances as follows: Brown, Browne; Cain, Kain, Kane; Cavanaugh, Cavanough, Kavanough; Chase, Chace; Cohen, Cohn, Kohn; Kelley, Kelly; Kenney, Kenny, Kinney; Miller, Mueller, Miehl; Paine, Payne; Read, Reed, Reid; Rider, Ryder; Hines, Hynes; and especially the French names.

Directories are arranged and printed in exact alphabetical order. If the examiner knows the way the name is spelled and follows out the order of the alphabet, he will save time and vexation of spirit.
